10 under the circumstances.

11 3. Operate the off-highway motorcycle on private property without the consent

15 closed to off-highway motorcycle operation or on which the operation of an
16 off-highway motorcycle is prohibited by law.

21 if the off-highway motorcycle is within 100 feet of a fishing shanty.

22 7. Operate the off-highway motorcycle at a speed exceeding 10 miles per hour,

5 9. Operate the off-highway vehicle to drive or pursue any animal except as part
6 of normal farming operations involving livestock.

7 10. Operate the off-highway motorcycle in a manner which violates rules

11 (b) The speed restrictions under par. (a) 6. and 8. do not apply to a race or derby
12 sponsored by a local governmental unit, by an off-highway vehicle association, as
13 defined in ~~s. 23.335 (1) (a)~~ ^{Sub. (x) ✓}, or by a similar organization that is approved by a local

5 prior to entering the crossing and yields the right-of-way to any other vehicles,
6 pedestrians, or electric personal assistive mobility devices that are using the
7 roadway.

8 2. Operation is necessary to cross a bridge, culvert, or railroad right-of-way.
9 The crossing of a bridge, culvert, or railroad right-of-way is not authorized if the
10 roadway is officially closed to off-highway motorcycle traffic. The crossing is
11 authorized only if the crossing is done in the most direct manner practicable, if the
12 crossing is made at a place where no obstruction prevents a quick and safe crossing,
13 and if the operator stops the limited use off-highway motorcycle prior to entering the
14 crossing and yields the right-of-way to any other vehicles, pedestrians, or electric
15 personal assistive mobility devices that are using the roadway.

16 3. Operation is on a roadway which is seasonally not maintained for motor
17 vehicle traffic. Such operation is authorized only during the seasons when no
18 maintenance occurs and only if the roadway is not officially closed to off-highway
19 motorcycle traffic.

20 4. Operation is on a roadway that is an off-highway motorcycle route. Such

13 motorcycle events. No state trunk highway or connecting highway, or part thereof,
14 may be blocked off by any local governmental unit for any off-highway motorcycle
15 race or derby. A local governmental unit shall notify the local police department and
16 the county sheriff's office at least one week in advance of the time and place of any
17 off-highway motorcycle race or derby which may result in any street, or part thereof,
18 of the local governmental unit being blocked off.

19 (c) *Freeways.* No person may operate a limited use off-highway motorcycle on
20 any part of any freeway which is a part of the federal system of interstate and defense

7 a U.S. numbered highway, a state highway, or a county highway that is designated
8 an off-highway motorcycle route or an off-highway motorcycle trail provided that

10 median of a divided highway is prohibited except to cross.

11 (b) *Direction of operation.* 1. Except as provided in subd. 2., a person may
12 operate an off-highway motorcycle on an off-highway motorcycle route or
13 off-highway motorcycle trail adjacent to a road only in the same direction as motor
14 vehicle traffic in the nearest lane.

16 of the following applies:

17 a. The off-highway motorcycle is being operated during hours of daylight.

24 approved by the department of transportation.

1 (12) INTOXICATED OPERATION. (a) *Operation.* 1. No person may operate an
2 off-highway motorcycle while under the influence of an intoxicant to a degree which
3 renders him or her incapable of safe operation of the off-highway motorcycle.

4 2. No person may engage in the operation of an off-highway motorcycle while
5 the person has an alcohol concentration of 0.08 or more.

6 3. If a person has not attained the age of 21, the person may not engage in the
7 operation of an off-highway motorcycle while he or she has an alcohol concentration
8 of more than 0.0 but not more than 0.08.

9 4. A person may be charged with and a prosecutor may proceed upon a
10 complaint based upon a violation of any combination of subd. 1. or 2. for acts arising
11 out of the same incident or occurrence. If the person is charged with violating any
12 combination of subd. 1. or 2., the offenses shall be joined. If the person is found guilty
13 of any combination of subd. 1. or 2. for acts arising out of the same incident or
14 occurrence, there shall be a single conviction for purposes of sentencing and for
15 purposes of counting convictions under sub. (21) (c) 2. and 3. Subdivisions 1. and 2.
16 each require proof of a fact for conviction which the others do not require.

17 (b) *Operation causing injury.* 1. No person while under the influence of an
18 intoxicant to a degree which renders him or her incapable of safe operation of an
19 off-highway motorcycle may cause injury to another person by the operation of an
20 off-highway motorcycle.

21 2. No person who has an alcohol concentration of 0.08 or more may cause injury
22 to another person by the operation of an off-highway motorcycle.

23 3. A person may be charged with and a prosecutor may proceed upon a
24 complaint based upon a violation of any combination of subd. 1. or 2. for acts arising
25 out of the same incident or occurrence. If the person is charged with violating any

2 971.12. If the person is found guilty of any combination of subd. 1. or 2. for acts
3 arising out of the same incident or occurrence, there shall be a single conviction for
4 purposes of sentencing and for purposes of counting convictions under sub. (21) (c)
5 2. and 3. Subdivisions 1. and 2. each require proof of a fact for conviction which the
6 others do not require.

7 4. In an action under this paragraph, the defendant has a defense if he or she
8 proves by a preponderance of the evidence that the injury would have occurred even
9 if he or she had been exercising due care and even if he or she did not have an alcohol
10 concentration of 0.08 or more.

11 (c) *Implied consent.* Any person who engages in the operation of an
12 off-highway motorcycle upon the public highways of this state, or in those areas
13 enumerated in par. (d), is considered to have given consent to provide one or more
14 samples of his or her breath, blood, or urine for the purpose of authorized analysis
15 as required under pars. (f) and (g). Any person who engages in the operation of an
16 off-highway motorcycle within this state is considered to have given consent to
17 submit to one or more chemical tests of his or her breath, blood, or urine for the
18 purpose of authorized analysis as required under pars. (f) and (g).

19 (d) *Applicability of law.* The intoxicated operation of an off-highway

6 authorized under sub. (11).

7 (e) *Preliminary breath screening.* 1. A person shall provide a sample of his or
8 her breath for a preliminary breath screening test if a law enforcement officer has
9 probable cause to believe that the person is violating or has violated the intoxicated
10 operation of an off-highway motorcycle law and if, prior to an arrest, the law
11 enforcement officer requested the person to provide this sample.

12 2. A law enforcement officer may use the results of a preliminary breath
13 screening test for the purpose of deciding whether or not to arrest a person for a
14 violation of the intoxicated operation of an off-highway motorcycle law or for the
15 purpose of deciding whether or not to request a chemical test under par. (f).
16 Following the preliminary breath screening test, chemical tests may be required of
17 the person under par. (f).

18 3. The result of a preliminary breath screening test is not admissible in any
19 action or proceeding except to show probable cause for an arrest, if the arrest is
20 challenged, or to show that a chemical test was properly required of a person under
21 par. (f).

22 4. There is no penalty for a violation of subd. 1. Subsection (21) (a) and the
23 general penalty provision under s. 939.61 do not apply to the violation.

24 (f) *Chemical tests; requirement.* 1. A person shall provide one or more samples
25 of his or her breath, blood, or urine for the purpose of authorized analysis if he or she

1 is arrested for a violation of the intoxicated operation of an off-highway motorcycle
2 law and if he or she is requested to provide the sample by a law enforcement officer.
3 A person shall submit to one or more chemical tests of his or her breath, blood, or
4 urine for the purpose of authorized analysis if he or she is arrested for a violation of
5 the intoxicated operation of an off-highway motorcycle law and if he or she is
6 requested to submit to the test by a law enforcement officer.

7 2. A law enforcement officer requesting a person to provide a sample or to
8 submit to a chemical test under subd. 1. shall inform the person of all of the following
9 at the time of the request and prior to obtaining the sample or administering the test:

10 a. That he or she is deemed to have consented to tests under par. (c).

11 b. That a refusal to provide a sample or to submit to a chemical test constitutes
12 a violation under par. (h) and is subject to the same penalties and procedures as a
13 violation of par. (a) 1.

14 c. That in addition to the designated chemical test under par. (g) 2., he or she
15 may have an additional chemical test under par. (g) 4.

16 3. A person who is unconscious or otherwise not capable of withdrawing
17 consent is presumed not to have withdrawn consent under this paragraph, and if a
18 law enforcement officer has probable cause to believe that the person violated the
19 intoxicated operation of an off-highway motorcycle law, one or more chemical tests
20 may be administered to the person without a request under subd. 1. and without
21 providing information under subd. 2.

22 (g) *Chemical tests; procedures.* 1. Upon the request of a law enforcement officer,
23 a test facility shall administer a chemical test of breath, blood, or urine for the
24 purpose of authorized analysis. A test facility shall be prepared to administer 2 out

1 of 3 of these tests for the purpose of authorized analysis. The department may enter
2 into agreements for the cooperative use of test facilities.

3 2. A test facility shall designate one chemical test of breath, blood, or urine
4 which it is prepared to administer first as the primary test for the purpose of
5 authorized analysis.

6 3. A test facility shall designate another chemical test of breath, blood, or urine,
7 other than the test designated under subd. 2., which it is prepared to administer as
8 an additional chemical test for the purpose of authorized analysis.

9 4. If a person is arrested for a violation of the intoxicated operation of an
10 off-highway motorcycle law or is the operator of an off-highway motorcycle involved
11 in an accident resulting in great bodily harm to or the death of someone and if the
12 person is requested to provide a sample or to submit to a test under par. (f) 1., the
13 person may request the test facility to administer the additional chemical test
14 specified under subd. 3.. or, at his or her own expense, reasonable opportunity to have
15 any qualified person administer a chemical test of his or her breath, blood or urine
16 for the purpose of authorized analysis.

18 off-highway motorcycle law and if the person is not requested to provide a sample
19 or to submit to a test under par. (f) 1., the person may request the test facility to
20 administer a chemical test of his or her breath or may request, at his or her own
21 expense, a reasonable opportunity to have any qualified person administer a
22 chemical test of his or her breath, blood, or urine for the purpose of authorized
23 analysis. If a test facility is unable to perform a chemical test of breath, the person
24 may request the test facility to administer the chemical test designated under par.
25 (f) 2. or the additional chemical test designated under par. (f) 3.

1 6. A test facility shall comply with a request under this paragraph to
2 administer any chemical test it is able to perform.

3 7. The failure or inability of a person to obtain a chemical test at his or her own
4 expense does not preclude the admission of evidence of the results of a chemical test
5 required and administered under par. (f) or (g).

6 8. A chemical test of blood or urine conducted for the purpose of authorized
7 analysis is valid as provided under s. 343.305 (6). The duties and responsibilities of
8 the laboratory of hygiene, department of health services, and department of
9 transportation under s. 343.305 (6) apply to a chemical test of blood or urine
10 conducted for the purpose of authorized analysis under pars. (f) and (g). Blood may

24 (h) *Chemical tests; refusal.* No person may refuse a lawful request to provide
25 one or more samples of his or her breath, blood, or urine or to submit to one or more

1 chemical tests under par. (f). A person shall not be considered to have refused to
2 provide a sample or to submit to a chemical test if it is shown by a preponderance of
3 the evidence that the refusal was due to a physical inability to provide the sample
4 or to submit to the test due to a physical disability or disease unrelated to the use of
5 an intoxicant. Issues in any action concerning violation of par. (f) or this paragraph
6 are limited to the following:

7 1. Whether the law enforcement officer had probable cause to believe the
8 person was violating or had violated the intoxicated operation of an off-highway
9 motorcycle law.

10 2. Whether the person was lawfully placed under arrest for violating the
11 intoxicated operation of an off-highway motorcycle law.

20 intoxicated operation of an off-highway motorcycle law on the issue of whether the
21 person was under the influence of an intoxicant or the issue of whether the person
22 had alcohol concentrations at or above specified levels. Results of these chemical
23 tests shall be given the effect required under s. 885.235. Paragraphs (f) to (h) do not
24 limit the right of a law enforcement officer to obtain evidence by any other lawful
25 means.

1 (j) *Report of arrest to department.* If a law enforcement officer arrests a person
2 for a violation of the intoxicated operation of an off-highway motorcycle law or the
3 refusal law, the law enforcement officer shall notify the department of the arrest as
4 soon as practicable.

5 (k) *Release of persons arrested.* 1. A person arrested for a violation of the
6 intoxicated operation of the off-highway motorcycle law may not be released until
7 12 hours have elapsed from the time of his or her arrest or unless a chemical test

9 concentration of 0.05 or less, except as provided in subd 2.

10 2. A person arrested for a violation of the intoxicated operation of the

2013-2014 DRAFTING INSERT

for highway use

X Under current law, the Department of Natural Resources (DNR) administers the laws regulating the operation and registration of all-terrain vehicles (ATVs) and utility terrain vehicles (UTVs). This bill establishes requirements for the operation and registration of off-highway motorcycles (OHMs) that are similar to the requirements that apply under current law to ATVs and UTVs. The bill defines an OHM as a motorcycle that is designed for off-highway operation, regardless of whether it is also designed for on-highway operation.

X This bill requires DNR to develop, encourage, and supervise a system of OHM trails and routes in a similar manner that exists under current law for ATV and UTV trails and routes. The bill defines an "OHM trail" to be a corridor on lands open to the public for recreational OHM use for. The bill defines an "OHM route" to be a highway or sidewalk open to recreational OHM use. The bill allows DNR to establish standards and procedures for certifying the designation of OHM trails. As under current law applicable to ATV trails, this bill allows a county, city, village, or town or DNR to designate corridors through land that it owns or controls for use as OHM trails. Moneys for this system, for enforcement of OHM laws, and for the safety grants as described below, are appropriated from the general fund.

OHM registration and trail passes

including on OHM routes,

X This bill distinguishes OHMs that are registered by the Department of Transportation (DOT) from those that are not. The bill does not restrict the owner of an OHM from registering the OHM with DOT. An OHM that is only registered with DNR is defined under the bill as a "limited use OHM." However, if an owner wishes to operate an OHM off the highway, the owner must register the OHM with DNR and pay an annual registration fee. An OHM that is not registered with DOT is defined under the bill as a "limited use OHM." The owner of an OHM may register it with DNR for public use on trails and routes and other areas open for public use. The owner may register an OHM for private use if its use will be limited to operation for agricultural purposes and operation by the owner or a member of his or her family on land that is owned or leased by the owner or a family member. The fee for registration for private use is lower. The bill provides includes exemptions from this registration requirement, which are similar to those exemptions under current law for ATVs and UTVs. The bill also requires a person who sells OHMs for a profit at retail to register with DNR as an OHM dealer. These registration fees are placed in the transportation fund.

X If a person will be operating an OHM off the highways that is not registered with DNR, or that is not exempt from DNR registration, the person must pay a fee and be issued an annual nonresident trail pass by DNR in order to operate the OHM. A person issued a trail pass may operate an OHM on a OHM trail or other corridors that is open to the public for the recreational use of OHMs, but not on OHM routes.

A limited use OHM is one ² that is not registered with DOT.

LRB-0082/P6ins

OHM operation

ten miles per hour

The bill imposes various restrictions on the operation of limited use OHMs that are similar to those imposed on ATVs and UTVs. Basically, limited use OHMs are not allowed on the roadway portion of a highway except as is necessary to cross highways. They are also allowed on highways that are designated as OHM routes or that are closed on a seasonal basis for regular motor vehicle traffic. The bill regulates the operation of OHMs on areas that are adjacent to roadways of highways, and imposes a 10 mph speed limit when the OHM is within 150 feet of a dwelling, within 100 feet of a person who is not in or on a motorized vehicle, or within 100 feet of a fishing shanty.

This bill creates an intoxicated operation law that applies to OHM routes, trails, and other off-highway places that are open to the recreational use of OHMs.

Under the law, a person may not operate an OHM with an alcohol concentration of .08 or more. This bill requires an OHM operator to submit to certain screening tests if a law enforcement officer has probable cause to believe that the operator is operating the OHM under the influence of alcohol. These provisions are similar to the provisions in current law relating to the operation of an ATV or UTV while under the influence of an intoxicant, except that the intoxicated operation law does not apply to the use of controlled substances.

Under this bill, a person need not have an operator's license issued by DOT in order to operate an OHM off the highways and need not carry liability insurance on the OHM.

OHM operation; age restrictions

Under this bill, a person under the age of 12 may not operate an OHM on a highway under any circumstance and may operate an OHM off a highway only if he or she is operating a small OHM and he or she is under continuous verbal direction or control of a parent or guardian or of an adult who has been designated by the parent or guardian. The bill defines a "small OHM" to be one that has an engine certified at not more than 100 cubic centimeters or that has an equivalent power unit. Also, under the bill, anyone who is at least 12 of age and who was born after January 1, 1998, must hold a valid safety certificate issued upon completion of the safety instruction program described below. These age restrictions do not apply to the operation of OHMs on private property if the property owner has given consent and does not hold out the property to the public for OHM use.

This bill requires DNR to establish a safety certification program on OHM laws and to issue certificates to persons who successfully complete the program. These requirements are similar to the requirements that apply under current law concerning programs of instruction on ATV and UTV laws.

No person who rents limited use OHMs to the public (OHM renter) may rent a limited use OHM to a person under 12 years of age. Also, an OHM renter may not rent a limited use OHM without first making sure that any person under the age of 18 who will be on the OHM will have a motorcycle helmet that meets federal standards.

OHM safety grant program and landowner incentive program

This bill requires DNR to establish a program to award grants to organizations that promote the operation of OHM vehicles in a manner that is safe and responsible and that does not harm the environment. An organization that receives a grant under this program must use the grant moneys to promote and provide support to the program of instruction on OHM laws.

The bill also requires DNR to establish a program under which landowners receive payments for opening their lands for OHM trails and other corridors for recreational OHM use. Fees collected for the issuance of nonresident trail passes are appropriated for making these payments.

For further information see the ***state and local*** fiscal estimate, which will be printed as an appendix to this bill.

1. Again, because of the extensive changes in this redraft, this draft went from a /P4 to a P/6.

2. Please review carefully how the defined terms "limited use off-highway motorcycle" and "off-highway motorcycle" (without "limited use") are used. I made some changes in this regard in this redraft.

3. Because OHMs are required to be registered for agricultural use, which is a nonrecreational use, I have eliminated the reference to recreational use in the following provisions: s. 23.335 (2) (a), (3) (a), (b), (c), and (d), (9) (a), and 11 (a) 1. and 2.

4. Regarding registration and racing and special events: Please review my change to the exemption found in s. 23.335 (2) (b) 3. The exemption does not apply to racing on private land that is not a raceway facility. Let me know if you want any changes.

5. In reviewing the language under s. 23.33 (18) relating to reporting accidents, it did not make sense to have one provision that apply to all off-highway locations and one that applied to trails, routes, and other areas open to the public. Also, since the scope of the regulation now includes agricultural purposes, I took the language that limited the reporting requirement to recreational use.

6. As redrafted, the requirement regarding wearing helmets does not apply to OHM trails, routes, and other corridors. OK?

7. I have incorporated some, but not all, of the changes from 2013 Wisconsin Act 15. I incorporated language modeled after the language found in s. 23.33 (3) (g), (gm), (h), and (i) of that act. I did not include the changes regarding the ages necessary to operate an OHM because the OHMs provisions in this bill only distinguish between persons under 12 years old and persons who are 12 years old and older. As to s. 23.33 (5) (a), (am), and (b) dealing the operation of OHMs on "private land" and s. 23.33 (5) (c) dealing with demonstration events, there is similar language in this bill. See s. 23.335 (13) (c) 1. and 2. If you want to include in this draft language modeled after these provisions in Act 15, please specifically let me know which provisions you wish to include after any of these provisions in this draft.

Hello Tim,

Here are some notes about the current draft. Some are probably just questions since I am not familiar with some of the language and procedures of government.

Surgery was fine and I'm feeling pretty good again so I would be happy to come over to Madison to meet on this if need be.

Let me know if you have questions. We can chat about the notes over the phone if you like.

Regards,

Bryan

Comments Draft OHM Legislation (2 Sep 13)

Drafters Note (9 Aug 13)

- ✓ 2. (limited use) OK
- ✓ 3. (agricultural use) OK
- ✓ 4. (racing private land exemption) OK (p. 10 of draft)

5. (reporting accidents) OK (p. 37 draft)

6. (helmets) not required for adults; same as ATV for others - 23.33(3g) which is covered on page 19 beginning at line 5; as for routes on public roads traffic law may apply which is under 18 AND instructional permit holders which may be a conflict for a DOT registered MC *take for Crandon* *done*

✓ ^{P. N} 7. (act 15 changes) OK

8. (roadway to highway) Might be better to leave it at roadway. It looks like the DOT will approve an ATV trail west of Crandon that is on the highway (between the property lines) but well away from the roadway. We might block ourselves on a technicality by not accounting for the possibility of a legal path being on the highway but not the roadway.

Page 2:

✓ Bottom of second paragraph in the analysis we talk about money appropriated from the general fund. I probably do not understand this very well, but I want to be sure that we have a program that relies on sticker and gas tax money and that those funds are segregated (fenced) for the purposes of this OHM program. *Constitutional problem.*

✓ *par* Next paragraph talks about DOT registered OHM being required to sticker with the DNR to operate on an OHM route. Keep in mind that an OHM route may be a township road where the DOT registered MC is already entitled to be. This can be a conflict as someone could be traveling a gas tax township road that is also an OHM route while having nothing to do with off-highway motorcycling.

✓ Six lines up from the bottom of the page we talk about OHM dealer registration fees being placed in the transportation fund. Shouldn't this be part of the OHM program fund and not the DOT? *Constitutional ~~fund~~ problem*

□ Last two lines talks about someone with a trail pass not being able to ride on an OHM route. First, I want to be sure the trail pass is not the existing State trail pass and is instead a non-resident "sticker". Second, why would someone with a non-resident sticker be excluded from an OHM route?

is different

Page 3:

✓ 11 lines up from the bottom we talk about the safety certification program being "on OHM laws". Only a small portion is on law. Not a big issues, but the content is intended to align with existing safety programs.

Page 4:

□ We mention landowner incentive program and that funds for non-resident passes are appropriated for those payments. Previously we discussed that we wanted to cap the amount that could retained in the landowner incentive account. The reasoning was that we could continue to build funds there and if there was not sufficient demand for those funds we would have money accruing that we would rather spend on other aspects of the program. In other in draft on bottom of p. 35, but should this be a SEG approp?

yes

words, we would put funds in landowner incentive up to a certain point and funds above that cap would revert to other aspects of the program.

Same

Line 10: We talk about a sum sufficient from the general fund. Again, the key aspects are that the program will fund itself via stickers and gas tax and that funds generated in the program need to be fenced (segregated) for this purpose.

Page 5:

Line 5 talked about land owner incentive. Issue is mentioned above (capping, reallocating within the program).

Page 6

Line 12 mentions all-terrain vehicle operators and it should refer to OHM and not ATV. *this is current law, just a technical clean up*

Page 9

Line 8 talks about legal title in the OHM. Probably language I am not familiar with, but I want to confirm that DOT registered motorcycles will have a title DOT issued title. OHM that are not DOT registered will end up with a registration card like boats and ATVs have as the document of ownership.

☐ [R/R is title confusing? equitable interest? 23.230(j)]
